## PREMIERE IN JUNE THE DEMOLITION MAN

*Fridays from 1 June at 9.50pm  
EST*

'The Demolition Man' takes in the sights, sounds and technical set ups of some of the most complicated demolition projects from across the world. We'll get raw, first-hand experience of this highly skilled engineering world as our presenter, Brendan Moar, travels to all corners of the globe, witnessing the specialists as they prepare to tear down everything from a UK prison to a jumbo jet.

## PREMIERE IN JUNE CLOSE PROXIMITY

*Mondays from 18 June at 9pm EST*

'Close Proximity' dives deep into the world of professional driver, Matt Field, as he navigates the adrenaline-pumping sport that is Drift Car Racing. Commencing in Long Beach, California, the 2016 Formula Drift Championship Series travels across the US, making stops at different track circuits, and circling back to wrap-up in Irwindale, California. Matt will have to navigate and balance life as a business owner, against a career as a professional drift car driver.

## CONTINUING SERIES

### BEYOND THE BOUNDARY

*Thursdays at 9pm EST*

Cricket is the world's most popular sport after soccer. In this new documentary series, cricketer Pete Trego will be traveling the world to meet the most passionate players and supporters of the game. He will uncover fascinating and inspirational stories, and will reveal how and why locals have taken up the sport, totally changing their lives. We'll be filming with Pete wherever cricket is played, from beaches to back streets, from townships to international cricket stadiums.

## CONTINUING SERIES

### BREAKING LIMITS

*Saturdays at 9pm EST*

Speed skating and snowboarding: two sports that make humans go faster. Each year records are broken with athletes going faster and faster on snow and ice. How is this possible? In 'Breaking Limits', former speed skater Beorn Nijenhuis and presenter Julien Chang travel to sports laboratories in Europe, Asia and the US. They listen to technicians, athletes and scientists to discover how technology helps to make the difference between silver and gold.
