

COUNTRY-BY-COUNTRY REPORT (CbCR) 2023

Information about CbCR of the SES Group

SES | 2023 COUNTRY BY COUNTRY REPORT | 03

SES maintains reliable processes and controls, subject to regular audits, to ensure the reliability of data used for Country-by-Country Report (CbCR).

PURPOSE

In 2013, the Organisation for Economic Cooperation and Development (OECD) and G20 adopted the Base Erosion and Profit Shifting (BEPS) Action Plan consisting of, inter alia, Action 13. The goal of Action 13 was to ensure that profits are taxed where the respective business activities are performed and where value is created. This culminated in the introduction of a new, threetiered format for transfer pricing documentation which included the Country-by-Country Reporting (CbCR). Multinational groups, with more than EUR 750 million in consolidated group revenue in the preceding fiscal year, have to file the CbCR.

As a multinational group headquartered in Luxembourg with revenues of more than EUR 750 million, SES is required to prepare a CbCR and to submit it to the Luxembourg tax authorities (L'administration des contributions directes - ACD) no later than 31 December of the reporting year of SES. SES has been filing the CbCR since 2016.

SES will make, starting not later than 2026, certain tax relevant information available in line with the European Union (EU) directive regarding the Disclosure of Income Tax Information by Certain Under-takings and Branches (2021/2101).

APPROACH TO TAX AFFAIRS

In line with the SES Group Tax Charter, SES is committed to being responsibly governed, behaving ethically, and being open and transparent, including in its tax affairs. Acting in accordance with these principles, SES voluntarily publishes certain 2023 CbCR data. SES has been proactively managing its tax matters based on, inter alia, the OECD guidance on CbCR (Country-by-Country Reporting: Handbook on Effective Tax Risk Assessment).

SES has developed its CbCR based on the stand-alone entities' financial

reporting packages used in the preparation of the group's IFRS audited consolidated financial statements subject to certain changes required to comply with the specific presentational requirements of CbCR. For a number of jurisdictions which are small in footprint (Brazil, Mexico, Colombia, and Chile) the management believes that the separate entity financial statements prepared under local accounting principles represent a more accurate view of the entities' results.

Overall, in 2023 SES had presence in 36 jurisdictions.

SES IN 2023

SES is a satellite-enabled communication and transmission solutions provider serving a diverse range of video and data customers. The global coverage of SES is built on a foundation of over 50 GEO and 20 MEO satellites, and supplemented by the ground infrastructure. Overall, in 2023 SES had presence in 36 jurisdictions. The group's holding company SES S.A. is based in Betzdorf, Luxembourg.

SES has the most significant presence in three jurisdictions where the owners of satellite businesses (SES legal entities) are located: Luxembourg, the Netherlands, and the US.

SES's 2023 results are impacted by the following one-off items:

• Phase II Accelerated Relocation Payments (ARP) received for the relinquishment and clearing of the C-Band spectrum in the United States. The ARP amount is EUR 2,714 million (USD 2,991 million). The

ARP was allocated between these three jurisdictions: in the CbCR it is reported as unrelated party revenue in the US, and in Luxembourg and the Netherlands as related party revenue for the respective ARP shares.

• Impairments of its tangible (satellites) and intangible (goodwill orbital slots) assets in these three main jurisdictions.

Thus, the CbCR shows a clear alignment between the SES's economic footprint and its tax base in three main operating jurisdictions. This alignment reflects the proportionate distribution of activities, value creation, and tax contributions in these jurisdictions.

SES also has strong presence in Germany and Israel where the SES video service businesses are run. In addition, there are other types of entities based in different jurisdictions performing various support activities.

SES 2023 CbCR

The table on the next page provides an overview (combination of OECD and EU¹ approaches) of 2023 data for all jurisdictions concerning the following datapoints: unrelated party revenues, related party revenues, total revenues, profit before income tax, income

tax paid, income tax accrued, stated capital, accumulated earnings, tangible assets, number of employees, main activities and explanations for material² discrepancies between tax accrued and tax paid. All numbers except "Number of Employees" are expressed in million EUR. O4 SES | 2023 COUNTRY BY COUNTRY REPORT | 05

DEFINITIONS USED FOR CbCR PURPOSES

| The state of the

RD - Research and Development;
IP - Holding or Managing intellectual
property; P - Purchasing or Procurement;
M - Manufacturing or Production; SM
- Sales, Marketing or Distribution; SS Administrative, Management or Support
Services; PS - Provision of Services to
unrelated parties; IGF - Internal Group
Finance; RFS - Regulated Financial
Services; I - Insurance; H - Holding
shares or other equity instruments; D
- Dormant; O - Other (Other activities
refer either to: a) entering into external
financing arrangements; or b) holding of
tangible assets)

Key definitions⁵ relevant to the data in SES's CbCR can be found below:

Revenues

Revenues include all revenues, gains, income, or other inflows shown in the financial statement prepared in accordance with the applicable accounting rules except dividends and other similar income. Since SES prepares its consolidated financial statements in line with the IFRS all of the following inflows are included in Total Revenues: sales revenue, net capital gains from sales of assets, unrealised gains, interest received, and extraordinary income.

Profit (Loss) Before Income Tax

The sum of the profit (loss) before income tax for all the Constituent Entities⁶ including all of the extraordinary income and expense items. Inbound dividends and similar income are not added in the Profit (Loss) Before Income Tax line.

Income Tax Paid

Total amount of income tax actually paid by all Constituent Entities resident for tax purposes in the relevant tax jurisdiction in the course of the reporting year notwithstanding the fiscal year for which they had been accrued. Taxes paid include withholding taxes paid by other entities with respect to payments to the Constituent Entity.

Income Tax Accrued

The sum of the accrued current tax expense recorded on taxable profits or losses of the year of reporting of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction. Current tax expense reflects only operations in the current year and does not include deferred taxes or provisions for uncertain tax liabilities.

Stated Capital

The sum of the stated capital of all of the Constituent Entities resident for tax purposes in the relevant tax jurisdiction which is an ordinary share capital and share premium.

Accumulated Earnings

The sum of the total accumulated earnings of all of the Constituent Entities resident for tax purposes which includes prior years accumulated earnings.

Number of Employees

Total number of employees on a full-time equivalent basis of all the Constituent Entities resident for tax purposes in the relevant tax jurisdiction.

Tangible Assets

The sum of the net book values of tangible assets. Cash or cash equivalents, intangibles, and financial assets are not included.

- Includes information about Revenues, Profit (loss) before income tax, Income tax paid, Income tax accrued, Accumulated earnings, Number of employees and activities for each EU Member State and for certain non-cooperative tax jurisdictions outside the EU.
- For jurisdictions with Income Tax Paid or Income Tax Accrued above EUR 1 million and difference between the two categories that is more than 20%.
- 3. The loss is due to the impairments as explained on page 3.
- The loss is due to the impairments as explained on page 3.
- Aligned with definitions provided in Annex III to Chapter V: C. Template for the Country-by-Country Report – Specific instructions of the OECD Transfer Pricing Guidelines for Multinational Enterprises and Tax Administrations 2022, OECD Publishing, Paris, https://doi.org/10.1787/0e655865-en.
- Constituent Entities include entities fully consolidated in SES's group financial statements as well as permanent establishments.
