

Ready to Soar? We've got you

The media world is evolving, and SES has grown into a single powerhouse for global media distribution with the expertise, resources, and next-generation innovation to deliver unrivaled reach, reliability, and quality.

An invested partnership

We are the trusted, long-term partner broadcasters and media companies rely on.

Open innovation

We actively shape industry standards and collaborate with partners at the forefront of media innovation.

Tomorrow ready

As viewing habits advance, we evolve with them – delivering future-ready media solutions that offer exceptional viewing experiences, ensuring business growth today and tomorrow.

Enhancing value

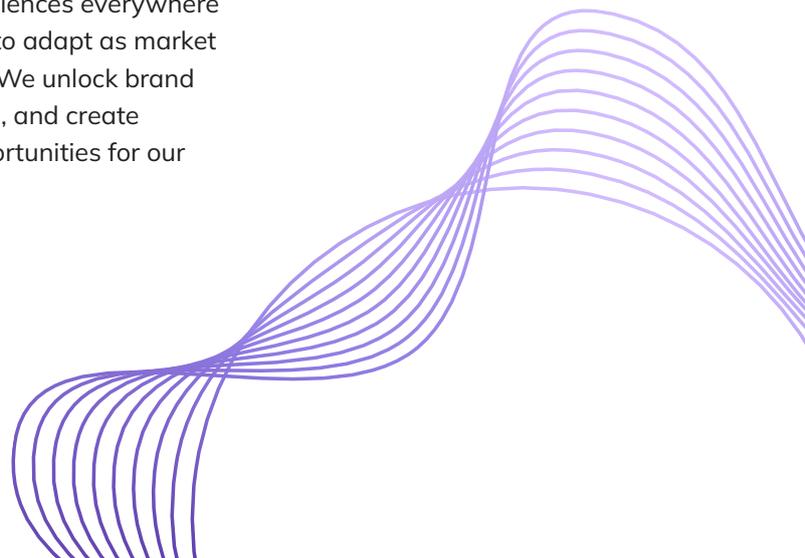

We enable media companies and sports organisations to expand their audiences, further engaging viewers and growing their brand across multiple markets.

Hybrid Content Delivery Network

90 geostationary satellites, 30 medium Earth orbit satellites, 150 teleports, nearly 50 fiber Points of Presence worldwide, and robust internet delivery.

We help our broadcast and media customers succeed by delivering premium content reliably and in high-quality, to give superior viewing experiences to audiences everywhere with the flexibility to adapt as market demands change. We unlock brand and viewer growth, and create new business opportunities for our customers.

Today, we deliver over **10,900 TV channels** to over **2.3B viewers** worldwide that covers **99% of the world's population**. Our network supports around 40 premium distribution neighborhoods, 30 DTH platforms, and is trusted by the biggest names in global broadcasting and media.

Trusted by the world's leading media brands

The Future of Media, Today

With scale, innovation, and trust at its core, SES is shaping the next chapter of global media distribution. Together with our customers, we ensure that wherever audiences are, and however they watch, they enjoy the very best viewing experiences.

Why SES?

At SES, we believe that space has the power to make a difference. That's why we design space solutions that help businesses grow, and people stay connected—no matter where they are. With integrated multi-orbit satellites and our global terrestrial network, we deliver resilient, seamless connectivity

and the highest quality video content to those shaping what's next. We now offer more than 100 years of global industry leadership—backed by a track record of bringing innovation “firsts” to market. As a trusted partner to the media ecosystem, SES is driving impact that goes far beyond coverage.

The new SES brings together more than 4,000 industry experts across 30 global locations, representing nearly 90 nationalities. This foundation enables us to serve customers worldwide with the expertise, innovation, and scale they need to succeed.
